Excellence

Over thirty years experience in designing and manufacturing motor caravans is an achievement of which we feel particularly proud. And this, together with our in depth understanding of the needs of motor caravanners, is reflected in our comprehensive model range.

Built, as always, with materials of the highest quality allied to modern design and manufacturing techniques, we offer a unique combination of Cotswold craftsmanship and innovative design. The wide choice of specifications includes double glazing, integral cassette blinds and flyscreens, flushing toilet, hot and cold water, thermostatically controlled heating – even a cocktail cabinet – all of which ensure the comfort and luxury of home.

Our standards of excellence are reflected in the number of awards we have won. Four gold medals in International Coachwork Competitions and the much coveted Caravan Industry Award for Motor Caravans on no less than five separate occasions – achievements of which we are particularly proud and have yet to be matched by any other Motor Caravan Manufacturer. And remember, too, that Auto-Sleepers are official converters for Fiat, Ford, Peugeot Talbot, Renault and Volkswagen.

So before choosing a motor caravan – reflect on these achievements and contact your nearest Auto-Sleeper dealer, or write to us for full colour brochures and a copy of our Company Magazine.
